TO: District Engineers
District Field Engineers
District Construction Engineers
Resident/Project Engineers
District Resource Specialists
District Utilities/Permits Engineers

FROM: Gerald D. Dobie
Engineer of Construction

Paul F. Miller
Engineer of Engineering Services

SUBJECT: **JOINT CONSTRUCTION AND ENGINEERING SERVICES**
INSTRUCTIONAL MEMORANDUM 1994-B
Bridge Warranty Painting Projects

Bridge projects which incorporate the Special Provision for Performance Warranty on Bridge Painting may be finalized using standard procedures if the Supplemental Performance Bond which is required by the special provision has been received. If corrective work is required by the warranty provisions of the contract after the project is finalized, the contractor will have to apply to the District Utility-Permits Engineer for a permit to work within the right-of-way (Form 2205). A fee and performance bond will not be required. However, permit insurance requirements are to apply.
